• Type of funding; Pre-seed/Seed/Angel/Series A-B-C ...	Pre-seed and seed
• Invests in ... (type of technologies)	Industrial Biotechnology
• Geography	Primarily The Netherlands
<b>Short Abstract:</b>	
<p>Capricorn Industrial Biotech Fund invests in early-stage ventures that are using biotechnology solutions to meet the growing demand for products made in a sustainable way.</p> <p>The fund is an impact initiative started by DSM, InnovationQuarter and Capricorn Partners, helping to build a sustainable society through early-stage investments in the Industrial Biotech sector in Northwestern Europe, especially in The Netherlands.</p> <p>We look for technologies from pre-seed to early stage, which are key enablers for decarbonization and circular economy through sourcing renewable raw materials.</p>
