Title	A formaldehyde free binder alternative for chipboards
Company	TGR pallets
Speaker	Jorden D'hulster
Keywords feedstock (max 2)	Castor-oil, Lignin
Keywords technology (max 2)	Pressing
Keywords End-Product (max 2)	Transportation pallet, Chipboard
Abstract:	
TGR and Vito developed a biobased and formaldehyde free binder for chipboards and pressed wood applications. With TGR pallets, we provide both manufacturing companies in diverse sectors and 3PL/fulfillment companies with a future-proof solution: a CO₂-negative, high-quality, and cost-competitive pallet.
