Abstract:	
Looking for Series-A investors to join 12 M€ equity round. We do animal health benefitting feed ingredients, prebiotics and antioxidants, from industrial woody residues of sawdust and bark. We utilize only water in our non-chemical biorefinery to produce natural products. Further growth markets emerging in glues, coatings and polymers. We have secured market traction with key players in animal feeds through offtakes and Lols, and are conducting regulative progresses and animal feeding trials to get product readiness for our FOAK production plant, to be invested latest in H2 2027. Existing public financing over 7 M€ already granted for the total investment to come. From forest to fork and folks beyond!
